Симптомы (общедоступное)

There is no image on the TV connected to Raspberry.

Проблема (общедоступное)

- Raspberry isn't connected to a local network.
- Raspberry isn't responding.
- Raspberry isn't connected to the power.

Решение (общедоступное)

- Check that all cables from Raspberry are connected and working properly: HDMI, Ethernet & power.
- Check that the TV is online and working properly.
- Make sure the location is connected to the Internet.
- Restart Raspberry (Remove power for 2 minutes and then return it).
- If possible, connect Raspberry to another TV set and check whether the image will be there.
- If all points are completed, but Raspberry still doesn't display the image on the TV, contact Helpdesc.

P.S. This what Raspberry looks like:
